## PAST WEEK IN CIRCUIT COURT.

Hartshorn, Ky., Feb. 23.—(Special.)—The actions of Peyton Scott's admr. vs the L. H. & St. L. Ry. Co. and Dion Jolly's admr. vs. the L. H. & St. L. Ry. Co. for damages, were continued until next term of this court.

The jury were excused on Thursday and court adjourned the following day.

The case of U. L. Board, agent against Richard Harper was settled by the parties and dismissed.

The court sustained the demurrer to the petition in the case of Eugene Goff vs. Eva May & c, and the action was continued.

The demurrer to the petition in the suit of Mary E. Keith vs. Grand Lodge of the A. O. U. W. was overruled and the action continued until next term.

The jury in the suit of Thomas Bond vs. the L. H. & St. L. Ry. Co. returned a verdict for the plaintiff in the sum of \$183. The amount involved is too small to take the case to the court of appeals.

The suit of Alonzo Bennett vs. T. J. Triplett & c having been settled by the parties, was dismissed on motion of the plaintiff.

The demurrer to the petition in the three suits against S. A. Tate for taxes alleged to be due the county, were sustained. This is a decided victory for Mr. Tate.

The suit of Clint Davies vs. Wortham Hordley was for damages for alleged trespass in a horse trade. The jury brought in a verdict for \$65 for the plaintiff.

Among the visiting attorneys at this term of court were J. H. Treat, of Brandenburg, V. O. Bahagge, of Cloverport, Col. Bennett H. Young, of Louisville, R. A. Miller, J. Allen Deane, Jas. R. Skillman, of Owensboro, Ben D. Ringo, of Hartford, and A. A. Fannest, of Elizabethtown.

The case of Jack Allen vs. F. P. Payne for damages under execution sale was decided for the defendant. The court overruled a motion for a new trial.

G. W. Beard, W. S. Cart and John Pile were appointed jury commissioners for the ensuing year.

There were six divorces granted at this term of court.

The court sustained demurrer to the petition as amended in the two cases against V. B. Burgett, editor, for letters alleged to be due the court. It is not known what further steps the attorneys for the plaintiff will take.

## Aims to be Oldest Subscriber.

Red Fork, I. T., Feb. 13, 1904. Mr. J. D. Bahagge, Editor News. Dear Sir—Enclosed you will find money order for my arrears and to renew my subscription for another year. This will make 25 years that I have been a subscriber to the News and I am aiming to live long enough to be the oldest subscriber.

Any one living out of Breckenridge county regards the News as a letter from home, for the home folks neglect you and the News is always on time. And the letters you send published from our home county show how they appreciate the home paper. We see letters from Wathen Henderson in the far east. Paul Harris in French Quebec, and Blue Parr in California's sunny clime I would write you a long letter, but am afraid of the yawning waste basket. Wishing you nothing but success, I remain, as ever,

Yours truly  
Edgar Adkins.

## LOCAL KNIGHTS GIVE BANQUET

The local Knights of Pythias gave an enjoyable banquet in Oles's Hall Friday evening to the members of the lodge, their families and a number of invited guests. The inclemency of the weather prevented many of those invited from being present. Among these were the members of the lodge residing in Tolinport, Ind., the Cannelton and Hawesville lodges, and local knights in whose families there was sickness. Among the specially invited guests were J. D. Covington of Bowling Green, Grand Chancellor, J. W. Carter, of Owensboro, Grand Keeper of Records and Seal, and other grand lodge officers, who had to be present Friday at the installation of a new lodge at Central City.

One of the features of the occasion was a talk on Pythianism by Prof. R. L. Oles, principal of the high school as one of the ministers of the town, who had been invited, were present, the lodge honored Prof. Oles by asking him to make the talk, which was appreciated by the members. The Cannelton head and the photograph of the lodge were presented. ## Mails Are Being Weighed.

Beginning last Wednesday, the work of weighing the mails on the various railroads in the southern contract division of the United States, will continue for thirty consecutive working days on every train throughout the South. The mails are weighed to determine the amount to be paid the railroads by the government for transporting them. This is done every four years. The country is divided into four districts and the work is so arranged that the test is applied each year in one of the four districts.

Each train is in charge of a special inspector, recently appointed. The Henderson Route requires a number of inspectors, as it carries eight mail a day. C. H. B. Jenks, chief clerk of the railway mail service, has general charge of the work in this section.

The upset price has been reduced from \$23,000 to \$9,000 and the second sale is ordered to take place on the grounds on Wednesday, March 23, with R. N. Hudson to continue as Special Master of sale. Hartshorn, Ky., Feb. 23.—(Special.)—The Masons have purchased of Dr. A. M. Klinehouse the lot on Main St. between his drug store and Scott & Shellen's. The consideration was \$964. The lot is 47 feet front and extends back 101 feet. The lodge will erect a three-story brick building, at a cost of about \$5,000. The first floor will be used as a store, the second floor will be made into offices, and the third story will be the lodge and chapter rooms. It will be the best building of its kind in the county. The Masons hope to raise by subscription sufficient funds to pay for the lot. Dr. Klinehouse did the handsome thing by donating \$43 for that purpose. It is expected that the building will be ready for occupancy this fall.

Hartford, Ky., Feb. 19.—The people of Fordville, this county, are making an effort to form a new county with their town as the county seat. ## The Breckenridge News.

### FRENCH POLITENESS.

It is widespread, oppressive and time devouring.

During one summer which I spent among exclusively French people in a hotel at St-Germain I estimated that I lost quite twenty-four hours out of each week saying good morning and good evening to the men, women, the children and dogs about me. If you encounter the same person twenty-five times in the same day, you must simultaneously, pause, at least shake hands if you do not kiss, ceremoniously inquire how he or she is "going" and ceremoniously bid him or her "au revoir" at parting. Not only every man and woman expects this, but all the little children toddle up to you, shake hands and exact the same amount of ceremony. Then every well regulated French family has a dog that more than likely occupies a chair and eats off a plate beside you at the table, so that it is considered churlish if you do not also stop and bid the dog "bon jour" and "au revoir" a dozen times a day, pausing to take the paw which he is prettily taught to extend to you.

When the washerwoman brings home your linen, there are at least five minutes spent in ceremoniously greeting and parting from her. In the operation of receiving and paying for linen you exchange "merci" and "bonjour" not fewer than ten times. Any other serving person or tradesman who comes to do business with you, whether it be the day you similarly receive with "bon jour, monsieur," and "au revoir, monsieur," and you thank him and beg his pardon as often as you can possibly get the words into the length of time he has to stay.—Harper's Bazar.

One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure to all curable cases of Coughs, Colds and Croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by All Druggists.

### Animals Enjoy Racing.

Little pigs are great at combined play, which generally takes the form of races. Emulation seems to form part of their amusement, for their races seem always to have the winning of first place for their object and are quite different from those combined rushes for food or curiosity stampedes in which little pigs are wont to indulge. Racing is an amusement natural to some animals and, being soon taught by others, becomes one of their most exciting pastimes.—London Tit-Bits.

### Why He Did Not Terry.

The importunate lover had just proposed. "Let your answer be a towel with a compass on either side of it," he gently begged her. The charming girl smiled. "Very well," she said. "Gilt!"—Cleveland Plain Dealer.

### A Distract of Literature.

"You are always more or less skeptical about what you see in print." "Yes," answered the man who has his own ideas about things. "Truth may be at the bottom of a well, but it isn't an ink well."—Washington Star.

### Men and Animals in Water.

The animal has no advantage in any way in water over man, and yet the man drowns, while the animal swims. The dog, the horse, the cow and even the cat all take to the water and are able to walk as they do when out of water. Throw a dog into the stream, and at once he begins to walk just as he does on dry land. Why should a man, woman or child act differently under like circumstances?

It seems strange that people have to be told to do what the animals do instinctively and instantly. Man's ignorance of so simple a thing as treading water is remarkable. It is without reason or excuse. There is a popular notion abroad that in some way the dog and other animals have no advantage over man in water. Nothing could be further from the truth. The advantage lies with man, who is provided with a paddle formed hand and knows enough to float when tired, something the animal rarely or never does.

### Amateur Sports Among the Hebrews.

Pigeons as letter carriers, tradition tells us, were employed at the time when Joshua invaded Palestine as mediums of communication between headquarters and camps in lands far off on the other side of the Jordan. At the time of the Talmud they were used in amusing games. The Talmud tells us that betting was indulged in at the pigeon play. The owner of the pigeon which reached first the point designated was the winner.

Another play connected with betting was the kulya. Kulya means a small pot (of kula kula, small glass). The kulya was a little pot wherein dice were shaken and thrown upon the table. The dice were numbered as our modern ones are. Against these two games the Talmud was in arms, and their players were not allowed to appear as witnesses before the bar.

### HOW TO FOLD A LETTER.

Only a Small Percentage of Applicants Know the Right Way.

"I see you have lots of applications," said the advertising manager to the business house manager who had advertised for a typewriter and book-keeper.

"From all over New England," said the business man, jangling his pockets full. "But what some of the girls who answer are thinking of I can't imagine. Here is one girl who will come fifty miles to take a place at \$2 a week."

"Can you tell much as to their qualifications by their letters?"

"Can I? Well, rather. For instance, there is the writing; there is the spelling of the words; there is the way the letter is put together; there is even the way the letter is folded. Ever think that letters are folded so as to save time nowadays?"

"No," said the advertising man. "It's all I can do to get the stamps to put on. My stenographer folds 'em all right, I guess. How should it be done?"

"Easy enough, simple enough, but folded wrong often enough," said the business man solemnly. "If your typewriter knows her business she takes the sheet and folds it up from the bottom toward the top, leaving the proper width for the envelope, then over from right to left and from left to right—so. Then when your letter is opened it is right side up. See?"

"I see," murmured the advertising man. "And how many applicants fold their letters that way?"

"Oh, three or four out of a dozen, perhaps. Quite a commentary on business as she is taught, eh?" remarked the business man as he stroked away.—Springfield Republican.

### An Early Riser.

A strong, healthy, active constitution depends, largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by All Druggists.

### A TARI RETORT.

In arguing a case in an English court the late Frederic Rose Covert, whose wit was rapid-like, took occasion to deprecate the legal learning of Lord Chancellor Fitzgibbon, whom his opponent was quoting. The trial judge took kind exception to this. "I have read his opinions," he said, "and I have often wished I knew as much law as he did." "I wish you did!" retorted Covert.

When you send in your subscription, also send your estimates of the total paid admissions at the World's Fair during May, the first month of the Fair. Write your name, address and estimate in the Subscription Blank below and mail it to THE BRECKENRIDGE NEWS.

The contest will close at midnight, April 30th, 1904, and no estimate received after that hour will be allowed. The official record of the Secretary of the World's Fair showing the total paid attendance during May, the first month of the Fair, will determine who are entitled to the prizes, and the awards will be made by a disinterested committee of prominent judges during the first week in June. As this contest will close April 30, the day before the Fair opens, all will have an equal chance to win these prizes. Those who estimate or guess NOW will have a chance to win a Special Prize and just as good a chance to win the Capital Prize of \$5,000.00 as the one who guesses on the last day of the contest.

The money to pay the prizes is deposited in the Central Savings Bank, Detroit, Michigan, and can be used for no other purpose. In case of a tie, or that two or more estimators are equally correct, prizes will be divided equally between them.

Consumption

Salt pork is a famous old-  
fashioned remedy for con-  
sumption. "Eat plenty of  
pork," was the advice to the  
consumptive 50 and 100  
years ago.

Salt pork is good if a man  
can stomach it. The idea  
behind it is that fat is the  
food the consumptive needs  
most.

Scott's Emulsion is the mod-  
ern method of feeding fat to  
the consumptive. Pork is too  
rough for sensitive stomachs.  
Scott's Emulsion is the most  
refined of fats, especially  
prepared for easy digestion.

Feeding him fat in this  
way, which is often the only  
way, is half the battle, but  
Scott's Emulsion does more  
than that. There is some-  
thing about the combination  
of cod liver oil and hypophos-  
phites in Scott's Emulsion  
that puts new life into the  
weak parts and has a special  
action on the diseased lungs.

A sample will be  
sent free upon request.

Be sure that this picture is  
the form of a label on the  
wrapper of every bottle of  
Scott's Emulsion you buy.

Robbers Make Use of This Herb.

In New Caledonia there is said to be  
an herb which has the rare property  
of revealing one's secrets. It is known  
as the "Tea of the South." It is a  
white flower and rough berries full of  
dark grains. They are treated of in the  
"Annals of Hygiene and Colonial Medi-  
cine." A person who has swallowed  
the tea made of this herb will after  
falling asleep tell where his money is  
hidden and will also arise and go di-  
rect to where his treasure is concealed.  
Robbers often use this tea as knockout  
drops with which to rob their victims.

Crab Shells as Barometers.

A curious barometer is said to be  
used by the remnants of the Araucanian  
race which inhabits the southernmost  
province of Chile. It consists of the  
cast off shell of a crab. The dead shell  
is white in fair, dry weather, but the  
approach of a moist atmosphere is in-  
dicated by the appearance of small red  
spots. As the moisture in the air in-  
creases the shell becomes entirely red  
and remains so throughout the rainy  
season.

Sleep For Insomnia.

Patient—"Can you give me something  
for insomnia?" Physician—"I can rec-  
ommend something, which amounts to  
nothing." Patient—"For heaven's  
sake, tell me at once, Physician." There  
is, in fact, only one sovereign  
remedy for sleeplessness, and that is  
sleep. Three dollars, please.—Boston  
Transcript.

LUCKY DOG.

"My luck is the best any man ever  
had."

"The deuce it is!"

"He said it is!"

"I see by the morning paper that  
that fellow has lost all his money."

—Cincinnati Commercial Tribune.

Lawrence Barrett's Memory.

I have seen Mr. Lawrence Barrett,  
the actor, receive 300 visitors, most of  
them strangers, at a party and after-  
ward bid them all farewell by name,  
making no mistakes as far as I could  
discover.—London Express.

Too Late.

"Advice to a newly married couple is  
to be late."

"Yes—all the harm is done then."

We may glean knowledge by reading,  
but the chief must be separated from  
the wheat by thinking.

## R. L. Newsum's COLUMN.

Now, my friends, I advise you not to  
hold on to the following list if you expect  
to hold on to your money, as the tempta-  
tion will be very great to invest it in  
some of the bargains offered.

What is the use of always renting  
property when you can buy? I have  
several pieces of property which have  
paid for themselves three times.

I shall take pleasure in driving you  
around and showing you the city  
property.
